FROM AMERICAN EDUCATIONAL COMPUTER

Educational Software That Leads to Better Grades in School

CURRICULUM BASED Teaches and reinforces the content and skills commonly taught in textbooks and most frequently tested on achievement tests.

SERIOUS SOFTWARE, NOT GAMES Students practice material directly related to what they are doing in school. No space-ships and rockets to shoot down here. Just straightforward education.

REINFORCES THE LINK BETWEEN SCHOOL AND HOME Parents can get more involved with their children's education by encouraging them to use the computer to study school subjects at home.

USEFUL AS HOMEWORK Structured lessons, written by edu-
